

Strong And Compact 3.5 Ton 2wd Rough Terrain Forklift For Moving And Transporting Heavy Loads Through Tough

Our Product Introduction

Basic Information

- Place of Origin: China
- Brand Name: GOODSENSE
- Minimum Order Quantity: Negotiable
- Price: Negotiable
- Packaging Details: Bare packaging
- Delivery Time: 30-40work days
- Payment Terms: T/T

Product Specification

- Name: Forklift
- Feature: High Safety
- Place Of Origin: China
- Brand Name: Goodsense
- Condition: New
- Energy Supply: Reference Introduction
- Advantage: Small Vibration And Noise
- Highlight: 2wd rough terrain forklift , 2wd all terrain forklift , moving all terrain forklift

Product Description

Description:

- √ One of The Top World Brands
 - √ 3.5 Tonne 2WD
 - √ Environment friendly and fuel efficient and responsible
- √ Transport and handling jobs in rougher work environments that contain untilled natural landscapes or terrains will need more strong and responsible forklifts. Most of them will not originally require great lift heights – just good ground clearance, excellent traction and a reliable diesel engine.
- √ GOODSENSE takes pride in our 3.5 ton 2WD rough terrain forklift, offering you cost-efficient options for moving and transporting heavy loads through tough, acclive or abnormal geography. GOODSENSE rough terrain forklifts are very fundamental, crude and responsible machines perfect for all types of site work – from construction, project and fabric, to mining, timber and forestry.
- √ GOODSENSE 3.5 ton 2WD rough terrain forklift is a strong and compact forklift designed to do more rigid lifting and transport works on nonflat, loose and gradient landscapes. It is powered by the world-renowned Japan Yanmar, Japan ISUZU, America Cummins, Germany Hatz diesel engine and equipped with a power shift transmission system to ensure high maneuverability and maximized uptime even in the most hard applications

Dimensions:

- √ Service weight 5150 KG
- √ Overhead guard height 2150mm
- √ Length to face of forks(without fork) 3116mm
- √ Overall width 1605 mm

Standard Inclusions:

- √ Overhead guard
